

34 SKIDOO

Music by Bill Evans
As Played on *Blue in Green*

Figure 9—Intro

“34 Skidoo” is an interesting tune to play. The piece starts with a freewheeling rubato intro. The rhythmic notation on this figure is simply meant to give an approximation of Evans’s introduction from the *Blue in Green* album. Bass and drums enter once Evans establishes the tempo prior to the waltz section. The B section consists of a series of chords over a bass pedal point. Although I have transcribed Evans’s improvisation over the B section, you should improvise freely when you play the tune, as there is no “real” melody in this section.
